\* AKC partners with many organizations for the ThD; please see the list of organizations listed on the AKC website. The BCOA will also recognize those organizations for the Versatility Program. We will accept certification with one of these organizations and the 50 visit minimum as the "ThD equivalent"

Don't see your title listed? As the number of dog sports continues to grow, the Versatile Basenji Program encourages participation by basenjies and their owners to the greatest extent possible. If a sport is not currently listed in the program grid, please contact the Performance Events Committee to find out about using those titles to fulfill requirements. Factors to consider when requesting additional, non-listed sports are: 1) Does the sport have a titling or certification program? 2) Can you provide independent evidence that the requirements of a program have been fulfilled (e.g. a certificate or title issued by a club)? 3) Include contacts for the sport and preferably links to their electronic rules and regulations that will help the committee assess the requirements and place earned titles into the appropriate program award level.

rev.9/2013 BCOA Performance Events Committee
